Course Objectives: As a result of the participation in this activity, participants should be able to:

1. Describe the financial incentive program under the IHTECH ACT.
2. Relate the uses and users of the clinical record, the difference between an EMR and EHR and what constitutes a legal health record
3. Describe potential patient care risks and exposures associated with the implementation and use of the EHR.
4. Avoid or minimize risk factors by applying professionally recognized EHR system, documentation and security recommendations.
