Lecture Title: Disclosure: Introduction to C-O-N-E-S

Program Description: Disclosure of adverse or unanticipated events in the care and treatment of patients is a difficult and complicated function all health care providers eventually face. These scenarios cover strategies for those situations.

Commercial Support: This activity had no commercial support.

System Requirements: In order to view this presentation, your computer must have a media capable PC with a current browser (ie., Internet Explorer, Fire Fox or Chrome).

Contact: For questions regarding this online activity please contact Rebecca Graves at 352-273-7006.

Policy on Privacy and Confidentiality: The procedures to maintain your privacy are described in the University of Florida privacy statement: http://privacy.ufl.edu/privacystatement.html
