INCIDENT REPORTING REQUIREMENTS

Provider Name:

Non-Delegable Responsibility:

Each individual who is an employee or agent of a protected entity of the SIP has a non-delegable responsibility to report to the SIP any occurrence or circumstance which has the potential of becoming a liability claim against you and/or your employer and/or the facility at which the circumstance occurred.

Circumstances Required to be Reported:

Recognizing that no definition of a reportable event will cover all circumstances and that it is often the magnitude of an injury rather than the actual quality of the care delivered that causes malpractice claims to be filed, the following conditions or incidents are among those which must be reported if they manifest while the patient is undergoing treatment, therapy, or surgery:

1. Total or partial loss of limb, or loss of the use of a limb
2. Sensory organ or reproductive organ impairment
3. Any injury to any part of the anatomy not undergoing treatment
4. Disability or disfigurement
5. Any assertion by a patient or patient's family that he/she has been medically injured
6. Misdiagnosis of a patient's condition resulting in mortality or increased morbidity
7. Any birth of a term baby that is stillborn or expires shortly after delivery
8. Any shoulder dystocia resulting in a fracture or other injuries
9. Any assertion by the patient/family that no consent for treatment (medical/surgical) was given
10. Any assertion or evidence that the patient was sexually abused, raped, or otherwise sexually assaulted
11. Medication errors leading to injury, death, or higher level of care
12. Retained foreign body incidents
13. Wrong site, wrong patient, wrong procedure
14. Any incident that results in an unexpected death, brain or spinal damage, or any other injury not referenced above
15. Any other unexpected adverse condition or outcome that you feel could result in a claim

The best guideline to follow for determination of whether a circumstance is reportable is that of common sense, sustained by the ever present awareness of the possibility of a claim. The standard practice should be that **when in doubt, report.**

PROFESSIONAL LIABILITY QUESTIONNAIRE

COVERAGE RESTRICTION & INFORMATION

Medical malpractice liability protection provided by the above named SIP is restricted to incidents and claims arising out of patient care rendered within the scope and course of your employment with UF Health.

Private physicians/providers appointed by the University of Florida Board of Trustees (UFBOT) to supervise, educate, and train UFBOT fellows, residents, and/or students have a limited personal immunity as set forth in Section 768.28(9), Florida Statutes. The limited personal immunity of Section 768.28(9), Florida Statutes, protects private physicians/providers with UFBOT appointments for their negligence in supervising, educating, or training UFBOT fellows, residents, and/or students, and from vicarious liability arising from alleged negligent acts or omissions of UFBOT fellows, residents, and/or students. The exclusive remedy for alleged negligent acts or omissions of UFBOT fellows, residents, and/or students is an action against UFBOT.

The UFBOT appointment does NOT trigger the limited liability of Section 768.28(9), Florida Statutes, for patient care personally provided by appointed private physicians/providers. A private physician/provider is solely responsible for the care and treatment provided and must individually satisfy Florida professional financial responsibility requirements applicable to physicians.

For questions regarding UFBOT medical malpractice liability protection, please call (352) 273-7006, or (844) MY FL SIP, or visit our website at www.myflsip.org.
