#### **COVERAGE RESTRICTION & INFORMATION**

Healthcare professional liability protection provided by the above-named self-insurance program (SIP) is restricted to incidents and claims arising out of patient care rendered within the scope and course of your employment/appointment with the BOT.

For questions related to medical malpractice liability protection, please call 352-273-7006, or 844-MY FL SIP, or visit our website at: MY FL SIP.org, or specifically https://flbog.sip.ufl.edu/liability-protection-afforded.

PRIVATE PHYSICIANS: When educating, training, and supervising the clinical services performed by BOT fellows, residents, and/or students, private physicians have a limited personal immunity as set forth in Section 768.28(9), Florida Statutes. The limited personal immunity of Section 768.28(9), Florida Statutes, protects private physicians from claims of vicarious liability (respondeat superior) arising from alleged negligent acts or omissions of the BOT fellows, residents, and students. The exclusive remedy for alleged negligent acts or omissions of BOT fellows, residents, and students is an action against the BOT. NOTE: Patient care personally provided by private physicians does NOT trigger the limited immunity of Section 768.28(9), Florida Statutes. A private physician is solely responsible for patient care provided and must individually satisfy Florida's professional liability financial responsibility requirements applicable to physicians.

#### INCIDENT REPORTING REQUIREMENTS

Provider Name:

#### Non-Delegable Responsibility:

Each individual who is an employee or agent of a protected entity of the SIP has a non-delegable responsibility to report to the SIP any occurrence or circumstance which has the potential of becoming a liability claim against you and/or your employer and/or the facility at which the circumstance occurred.

#### Circumstances Required to be Reported:

Recognizing that no definition of a reportable event will cover all circumstances and that it is often the magnitude of an injury rather than the actual quality of the care delivered that causes malpractice claims to be filed, the following conditions or incidents are among those which must be reported if they manifest while the patient is undergoing treatment, therapy, or surgery:

- 1. Total or partial loss of limb, or loss of the use of a limb
- 2. Sensory organ or reproductive organ impairment
- 3. Any injury to any part of the anatomy not undergoing treatment
- 4. Disability or disfigurement
- 5. Any assertion by a patient or patient's family that he/she has been medically injured
- 6. Misdiagnosis of a patient's condition resulting in mortality or increased morbidity
- 7. Any birth of a term baby that is stillborn or expires shortly after delivery
- 8. Any shoulder dystocia resulting in a fracture or other injuries
- 9. Any assertion by the patient/family that no consent for treatment (medical/surgical) was given
- 10. Any assertion or evidence that the patient was sexually abused, raped, or otherwise sexually assaulted
- 11. Medication errors leading to injury, death, or higher level of care
- 12. Retained foreign body incidents
- 13. Wrong site, wrong patient, wrong procedure
- 14. Any incident that results in an unexpected death, brain or spinal damage, or any other injury not referenced above
- 15. Any other unexpected adverse condition or outcome that you feel could result in a claim

The best guideline to follow for determination of whether a circumstance is reportable is that of common sense, sustained by the ever present awareness of the possibility of a claim. The standard practice should be that when in doubt, report.

#### WHEN & HOW TO CONTACT SIP

As a covered Healthcare Liability Self-Insurance Program (SIP) provider, it is essential and expected that you notify us immediately if:

- \* You were involved, or alleged to have been involved, in an event while delivering healthcare services that may have caused or resulted in an injury (real or perceived) to a patient
- ❖ You received a complaint, legal notice, or licensure investigation notice related to your delivery of healthcare services
- ❖ You received a subpoena for deposition or medical records
- Please use our Incident Reporting Requirements above for additional examples of when to contact SIP and the services provided or review MY FL SIP.org.

The Self-Insurance Program provides twenty-four-seven support and coverage for our covered healthcare providers. Our office hours are Monday–Friday from 8:00AM to 5:00PM, with after-hours support at all times to report an event/circumstance involving patient care that requires immediate attention. Simply call our main line ... 352-273-7006 or 844-MY FL SIP ... a SIP staff member is always available to assist!

We encourage you to download our "MY FL SIP" app for immediate access when you most need us. No more wondering how to contact us! With the app, we are only two clicks: One ... click on the app for a redirect to our website home page that contains our office phone number. Two .... click on the office phone number and it will connect you to a SIP expert. Easy as that!

### AUTHORIZATION FOR RELEASE OF INFORMATION

The undersigned hereby authorizes the release of information as specified below to:		
Florida International University College of Medicine Self-Insurance Program, hereafter referred to as "Program.		
The undersigned hereby authorizes his/her present and prior professional liability insurance carriers and any and all attorneys who have represented the undersigned in connection with any claim of professional liability to release to the Program, upon its request, information regarding closed, pending, or anticipated claims and any underwriting or other information which in the judgment of any such carrier, attorney or the Program may have a bearing upon his/her professional liability risk factors.		
The undersigned also authorizes all medical associations, medical societies and managed care organizations in which he/she is or has been a member, all hospitals in which he/she now holds or has held staff privileges, the state board of medical examiners for the state in which he/she has practiced, the state department of public health for the state in which he/she has practiced or resided, motor vehicle departments, and any and all physicians having information regarding the undersigned, to release to the Program, upon its request, any information any such person or entity may have which, in the judgment of any such person or entity, has a bearing upon his/her professional liability risk factors.
