

(Last Updated 3.10.2025 / SIP Insurance Services)

The SIP relies on industry accepted Specialty descriptions to assess the <u>primary</u> clinical exposure associated with covered clinicians. This is a key data field in the underwriting process and extremely important that it accurately reflects the services being provided by your clinicians. As you will see from the below list, some specialties are tiered based on the level of surgery that may be involved. To assist you in selecting from your options, please note the following:

NO SURGERY: Includes incision of boils & superficial fascia, suturing of minor lacerations and removal of superficial skin lesions by other than surgical excision.

MINOR SURGERY: Includes operations not considered to involve a risk to life, circumcisions, & non-major OB procedures. Excludes all surgeries and procedures that meet the criteria of major surgery.

MAJOR Surgery: Includes removal of tumors, open bone fractures, amputations, removal of any gland or organ, plastic surgery, tonsillectomy, adenoidectomy, caesarean section, and any operation in or upon any body cavity, including but not limited to cranium, thorax, abdomen or pelvis or any other operation that because of the condition of the patient or the length or circumstances of the operation presents a distinct hazard to life.

To **EDIT a provider's Specialty description**, you need to identify the correct description and the corresponding code. Edits are made based on the selected code. You may identify the code in one of two ways:

1) Use the list starting on page 2 to identify the specialty, add the new code under the provider's "Provider Coverage" tab, and select Save.

(Last Updated 3.10.2025 / SIP Insurance Services)

-OR-

- 2) Search for the correct code in the portal. Steps to search:
 - 1) Click on the magnifying glass
 - 2) Under "LookUp", select the radio button "All Fields"
 - 3) In the search box, enter a general description in order to see all options and select "Go!" For example, if you search by "Nurse," you receive the below options.
 - 4) Click on the code for the correct Specialty and select Save.

| Specialty Code | Specialty Description |
|-------------------|---|
| 60000 | **DO NOT USE** |
| 80166 | Abdominal - Major Surgery |
| 80230 | Aerospace Medicine |
| 80254 | Allergy |
| 80453 | Ambulatory Surgery (per 100) |
| 60001 | Anaplastologist |
| 80151 | Anesthesiology |
| 80181 | Anesthesiology - Critical Care Medicine |
| 80422 | Angiography/Arteriography/Catheterization [arterial, cardiac or diagnostic] |
